Duration: 8.00 hours (1 days) **6.5 CPD Hours** **Rating:** ⭐ 4.6 (5,878 reviews)

Course Information

Delivery Format: Instructor Led - Online

Course Overview

70% of projects fail to deliver expected benefits due to poorly defined business cases. Building Better Business Cases provides you with a practical, repeatable process to identify business needs, analyze problems, and create compelling recommendations that drive real business results. This course is your guide to making smarter investment decisions, before, during, and after your projects, ensuring every initiative is grounded in value. In just one day, you'll master a step-by-step framework that helps you clearly define business needs, diagnose root causes, and present recommendations with confidence. Gain 7 PDUs (PMI) or 7 CDUs (IIBA) while building the skills to make your business case stand out.

About This Course

70% of projects fail to deliver expected benefits due to poorly defined business cases. Building Better Business Cases provides you with a practical, repeatable process to identify business needs, analyze problems, and create compelling recommendations that drive real business results. This course is your guide to making smarter investment decisions, before, during, and after your projects, ensuring every initiative is grounded in value. In just one day, you'll master a step-by-step framework that helps you clearly define business needs, diagnose root causes, and present recommendations with confidence.
