Course Overview

70% of change initiatives fail due to poor planning and resistance. Don’t let your organization become part of that statistic. Successful change management requires strong leadership, clear communication, and the right strategy. This Organizational Change Management Training Course provides the essential skills and frameworks to help professionals navigate change effectively, minimize resistance, and drive successful transformations within their organizations.

About This Course

70% of change initiatives fail due to poor planning and resistance. Don’t let your organization become part of that statistic. Successful change management requires strong leadership, clear communication, and the right strategy. This Organizational Change Management Training Course provides the essential skills and frameworks to help professionals navigate change effectively, minimize resistance, and drive successful transformations within their organizations.

Who Should Attend

All projects introduce change into organizations which invariably change the way stakeholders work. Organizational change management is about helping people let go of old practices and embrace the new. This course is intended for anyone who needs to help stakeholders through their personal change transition.

Learning Outcomes

Upon successful completion of this course, participants will be able to:

This course provides a structured approach to managing change, equipping professionals with the skills to prepare, implement, and sustain change initiatives. Participants will learn to analyze organizational readiness, develop change management strategies, and communicate effectively with stakeholders. By exploring leading frameworks like ADKAR, Kotter’s 8-Step Process, and Lewin’s Change Model, attendees will gain hands-on expertise to minimize resistance, enhance employee engagement, and drive business success.
