Who Should Attend

This course is designed for those seeking to achieve the PRINCE2® Practitioner certificate,which is an important and valuable qualification, demonstrating increasingly higher levels of competence. This level aims to measure whether a candidate can apply PRINCE2® to the running and managing of a non-complex project within an environment supporting PRINCE2®. To this end they need to exhibit the competence required for the Foundation qualification and show that they can apply and tailor PRINCE2® to address the needs and problems of a given project scenario.This course is governed by the PRINCE2® Examination Syllabus, which details the topics which must be covered by courses accredited to provide training and prepare candidates for the examinations in PRINCE2®.

Learning Outcomes

Upon successful completion of this course, participants will be able to:

To help you understand PRINCE2® in respect of its:

Principles, processes, themes, techniques, and roles for successful project management.

Management products that are inputs and outputs of the processes.

So that you may:

Attempt the PRINCE2® Practitioner exam with confidence.

Begin to apply the method, tailoring it to your project's needs.
