TS628G IBM Spectrum Protect 8.1.11 Advanced Administration, Tuning, and Troubleshooting

Category: Infrastructure & IT Operations | **Vendor:** IBM

Duration: 40.00 hours (5 days) **32.5 CPD Hours** **Rating:** ⭐ 4.6 (5,878 reviews)

Course Information

Delivery Format: Instructor Led - Online

Course Overview

IBM Spectrum Protect, formerly known as IBM Tivoli Storage Manager, is a data backup and recovery solution designed to help you manage your data retention, reduce the cost of storage, and provide appropriate recovery point objectives to meet any service level agreement. IBM Spectrum Protect offers improved efficiency and flexibility using objectbased data management, policy-driven retention, and an easy to use interface, the Operations Center.In this advanced-level course, you streamline your daily operations with the latest features, such as using Retention Sets for data retention, and using the Web Client 2.0 to restore data. You use the Operations Center and administrative command line to manage multiple IBM Spectrum Protect servers and nodes. This course also includes scripting, performance tuning, restoring the database and storage, and an overview of integration with IBM Spectrum Protect Plus 10.1.6. The hands-on exercises are performed on two Windows 2016 R2 virtual machines.This course is the second in a two-course series. It is for storage administrators familiar with the daily management of IBM Spectrum Protect, and focuses on the latest features, such as container pool storage. Basic concepts and installation are not covered in this course. TS618G, the first course in the series, IBM Spectrum Protect 8.1.9 Implementation and Administration, covers basic administration and installation.

About This Course

Who Should Attend

Implementers and administrators who have experience with IBM Spectrum Protect.

Learning Outcomes

Upon successful completion of this course, participants will be able to:

After completing this course, you should be able to:

Describe a multi-server IBM Spectrum Protect storage environment.

Manage storage containers and traditional storage pools.

Configure a multi-server environment.

Improve data protection and recovery with replication.

Enable advanced client functions.

Protect and monitor the IBM Spectrum Protect environment.

Use scripting to automate daily processing.

Optimize the IBM Spectrum Protect server and client.

Troubleshoot common problems.

Describe the other IBM Spectrum Protect family products.

Detailed Course Outline

Unit 1

- The IBM Spectrum Protect 8.1.11 environment

Unit 2

- Storage pool management overview

Unit 3

- Multi- server management

Unit 4

- Recovery and long-term retention

Unit 5

- Client functions and management

Unit 6

- Daily maintenance and monitoring

Unit 7

- Automation and scripting

Unit 8

- Tuning the server and client for optimization

Unit 9

- Troubleshooting and recovery

Additional Course Details

Nexus Humans TS628G IBM Spectrum Protect 8.1.11 Advanced Administration, Tuning, and Troubleshooting training program is a workshop that presents an invigorating mix of sessions, lessons, and masterclasses meticulously crafted to propel your learning expedition forward.

This immersive bootcamp-style experience boasts interactive lectures, hands-on labs, and collaborative hackathons, all strategically designed to fortify fundamental concepts.

Guided by seasoned coaches, each session offers priceless insights and practical skills crucial for honing your expertise. Whether you're stepping into the realm of professional skills or a seasoned professional, this comprehensive course ensures you're equipped with the knowledge and prowess necessary for success.

While we feel this is the best course for the TS628G IBM Spectrum Protect 8.1.11 Advanced Administration, Tuning, and Troubleshooting course and one of our Top 10 we encourage you to read the course outline to make sure it is the right content for you.

Additionally, private sessions, closed classes or dedicated events are available both live online and at our training centres in Dublin and London, as well as at your offices anywhere in the UK, Ireland or across EMEA.
